FUNDING PROPOSALS AND APPLICATIONS

The Superintendent will keep informed about opportunities for program funding available to the school system under various state, federal and private funding programs, and about how these funds can best be used to the advantage of the children in the school system.

The Superintendent is authorized to sign any reports required as a result of winning and/or maintaining such funding, and for the proper expenditure of funds received. The Superintendent will be responsible, directly or by delegation, for applying for such funding, and for submitting such applications to the School Committee for approval when required.
