STUDENT GOVERNMENT

Students have the right to an elected and representative student government. The student councils of the middle and high schools shall be the official student government bodies of each school. Its members shall be elected by the students.

Students have the responsibility to participate actively on the student government process, to make sure that all students are allowed to vote, and that offices are open to all who qualify. All students shall be encouraged to make suggestions for improvement of student life through the councils, and shall be encouraged to attend meetings regularly if their schedules permit.
