STUDENT TEACHING AND INTERNSHIPS

The Committee encourages the administration to cooperate with teacher-training institutions in the placement of student teachers in the school system.

The Committee authorizes the administration to honor the reasonable rules and training guidelines of the sending institution.

In all arrangements made with colleges and universities, the school system will be given the right to interview and either accept or reject individual candidates for student teaching and internships. This relationship may also be terminated at any time the administration feels it is in the best interest of the Sharon Public Schools.
